

SUSTAINABLE DESIGN ACCREDITATION SCHEME FOR ARCHITECTS

Expressions of Interest

The Royal Incorporation of Architects Scotland, in collaboration with the Sust. campaign at The Lighthouse, Scotland's Centre for Architecture, Design and the City, are piloting an Accreditation Scheme for Sustainable Design for architects.

Accreditation will be based on the demonstration of practical experience in real projects and will be awarded by an independent accreditation panel.

To gauge the level of interest, we are presently seeking expressions of interest from architects who would consider submitting an application for accreditation.

You can register your interest before Friday 7th November to receive further information on the Sustainable Design Accreditation Scheme. To do this visit:
